Selah Parks Foundation

Investing In Selah Parks Today, For The Children Of Tomorrow

The Selah Parks Foundation
A 501(c)3 Community
Nonprofit Organization

Selah Parks Foundation

*Investing in Selah
Parks Today, For The
Children Of Tomorrow*

The Selah Parks Foundation was formed to create significant opportunities for conservation, education and recreation.

It allows interested individuals and groups to support projects which enhance the quality of life by preserving land, environment, and natural heritage.

In order to fulfill the dream and goals of Selah's citizens, we must continue to invest in an array of educational and recreational activities accessible to everyone, especially our youth.

The Selah Parks Foundation Mission:

Engage in directing activities to raise funds for the acquisition, development and enhancement of Selah parks facilities and recreational programs. The Selah Parks Foundation was formed to create significant opportunities for conservation, education and recreation. It allows interested individuals and groups to support projects and enhance the quality of life by preserving land, environment and natural heritage. The Selah Parks Foundation is a 501(c)3 tax exempt public foundation; your donation may be tax deductible. The Foundation is administered by a volunteer Board of Trustees.

The new Selah Aquatic Center is under construction and is owned and operated by the Selah Parks and Recreation Service Area (SPRSA). The 2018 M&O Levy put before the voters in August 2018 received 59.14% YES votes and needed 60%. The goal for the Selah Parks Foundation is to help generate funds to fill and operate the new pool facility for the summer 2019 swim season.

Throughout this next year we will be sponsoring a variety of activities that will help fund our goal. As a community member we hope you'll join in our endeavor of providing the community pool. Swimming pools offer a means of social interaction, relaxation and stress relief... In other words, swimming is not just exercise; it is a life-saving skill. Competition and camaraderie with other groups in tournaments and swim meets helps a community come together for a common goal. There are a variety of ways in which you can partner with us.

Pool Sponsor Opportunities

Website: selahparksfoundation.org
